

Aces High Keyboard Quick Reference

By Mongoose

Key Command	
Gear , lower or raise gear Key G	Speed must be 150 or lower for most airplanes
Autopilot Key X	This is actually called auto-trim. Puts you in straight and level flight.
Auto Climb Key Alt-X	Puts your plane in an automatic climb at the optimum climb rate. The plane will climb, or dive, at such an angle so as to maintain a specific speed.
Flaps Key Q, lowers flaps one notch Key W, raises flaps one notch	
Engines Key E. Turns engine on or off.	

Dot Command	Example
Salvo , set your salvo rate. .salvo x <i>This will determine how many of your secondary weapons are launched with each button press.</i>	.salvo 1 <i>drops one bomb/fires one rocket</i> .salvo 2 <i>drops two bombs/fires two rockets</i> .salvo 10 <i>drops 10 bombs/fires ten rockets (assuming you have that many)</i>
Salute .s <space> <name> <i>Salutes a player on another team</i>	.s mongoose <i>Displays “<Salute> Mongoose” for all to see. (player must be on another team)</i>
Return Salute .rs <i>Returns a salute. When another player has saluted you, .rs will salute that player in return</i>	.rs
Private Message .p <space> <name> <message> <i>Sends private message to player. Player must be on the same team..</i>	.p mongoose Good shot, Sir. <i>Displays “Good shot, Sir.” in Mongoose’s text buffer, in white text. No one else sees this.</i>
Reply To Private Message .r <space> <message> <i>Replies to a private message.</i>	<i>After receiving the above message, Mongoose could type, .r Thank you. Good fight. This would display “Thank you. Good fight.” in the text box of whoever sent the first message.</i> <i>Note: Use private messages sparingly.</i>

Radio Terms

These are common radio terms and abbreviations.

AFK	Away From Keyboard. Player is away from his computer
BH	Bomber Hangar
cc (text)	Affirmative. CC is short for “click-click”. Pilots sometimes click the mic button twice to signal “affirmative”.
CV	Aircraft carrier. Often used to refer to a carrier group.
FH	Fighter Hangar
GV	Ground Vehicle
Heavy	Plane that is carrying ordinance. “I’m heavy”, means I am carrying bombs.
Light or clean	Not carrying bombs.
NME	Enemy
NOE	Nape Of the Earth. Ground level
Ords	Ordinance. Can refer to bombs you are carrying, or the ammo bunker at a base.
rgr (text)	Short for Roger. Message received and understood.
Roger	Message understood
VH	Vehicle Hangar
Tally	Short for “Tallyho”. This means you have spotted the enemy plane or target..
10-4	Message received and understood

Common Airplane Names

These are in-game nicknames for certain airplanes

Nickname	Airplane	Notes
262 or Deuce	ME-262	First operational jet fighter. Very dangerous because of it's high speed.
A-20	Light bomber/attack plane.	Very dangerous. Even though it is a light bomber, you must treat this plane like a fighter.
Lanc	Lancaster	Heavy bomber.
Mossie	Mosquito.	Mosquito VI is a fighter, mosquito XVI is a bomber.
Pony	P-51 Mustang
